

Keeping the Beat

Epidemics in Electrophysiology

Please Join Us For This Free Seminar

Tuesday, April 21, 2009 | 6:00 p.m. to 8:00 p.m.

Nichols Auditorium | Community Memorial Hospital, 8th Floor

Electrophysiology is the subspecialty of cardiology dealing with heart rhythm abnormalities. Two conditions, atrial fibrillation and congestive heart failure, are widely prevalent and difficult to treat, but can be helped through treatment by an Electrophysiologist. Join Dr. Ishu Rao and discuss candid opinions on the benefits and risks of the newest Electrophysiology procedures.

Community Memorial Health System
Where Excellence Begins with Caring

NEWS TALK
1520 **KVTA**

Presented By:
Ishu Rao, M.D.
